Issue 7

HFRS Weekly Wrap

Dear Parents,

Tomorrow we enter the month of October which is dedicated to the Most Holy Rosary. This is primarily due to the fact that the liturgical feast of Our Lady of the Rosary is annually celebrated on October 7. The feast day was instituted to honor the Blessed Virgin Mary in gratitude for the protection that she gives the church on behalf of the faithful who pray the Rosary. I would encourage you to dedicate time in the month of October to praying the rosary with your children. It is through these moments that we model our Catholic faith and prioritize what is truly important in our lives.

This Week's Happenings:

- Thank you to all of the volunteers who helped with the Fall Festival last weekend. It was so much fun to gather as a school community. Special thanks to Susan Leroy and her committee for all of the hard work that went into the planning, organization and execution of the event. The children had a great time enjoying the fun and games while the adults enjoyed the food, drink and socializing.
- Special thanks to all who completed the HFRS Parent Survey and attended the Input Sessions. The Strategic Plan Team will be meeting this weekend to review your feedback and begin the process of writing the five-year plan.
- I would like to recognize our staff members who are celebrating years of service in Catholic education. The following teachers and staff will be recognized and honored at Ford Field on October 22 at noon.

News from Campus Ministry

October: Month of the Rosary

There is a legend about the Rosary that in 1206 St. Dominic was trying to convert a group of people back to the Catholic faith. He was struggling with this task until he saw a vision of Mary. She gave him the Rosary, and many began to use this special tool and prayed the prayers as a devotion.

In 1571 Pope Pius V led a Rosary in a war in the attempt to keep Christian forces safe...they were at a disadvantage. Pope Pius V called for all of Europe to pray the Rosary for victory and led a rosary procession in Rome.

The Christian forces won, and Pope Pius V instituted the feast of Our Lady of Victory to commemorate this victory. Later this celebration changed to October 7th and is called Our Lady of the Rosary. All of October is dedicated to the Prayer of the Rosary.

Respect for Life Month

The United States Conference of Catholic Bishops (USCCB) says, "Every October, we consider more deeply why every human life is valuable and reflect on how to build a culture that protects life from conception to natural death.

This year's focus is on St. Joseph, defender of life."

Take a moment this weekend and look into the eyes of each family member and see them. See who God created, in His likeness and image, and give Him thanks. Look deeply into each person and recognize the goodness and love within.

Look in the mirror and know you are a daughter, or son, of the Most High. You are beautifully made with so much to give. Praise God for the gift of life. Pray for all mothers who carry precious life, a true gift from God. Pray for fathers who will partner with mothers in raising children of God. Pray for all elderly who struggle, and suffer, give them hope. May God lead them when it comes time for end-of-life decision.

Catholic Trivia

Did you know.... About 15 percent of all hospitals in the United States are Catholic hospitals. In some parts of the world, the Catholic Church provides the only healthcare, education and social services available to people.

Fall Festival

The Fall Festival was a hit, thanks to all of the supportive HFRS families who attended! For those who couldn't make it, here's a brief recap: Kids in face paint were bouncing off walls (*literally*), smashing their faces into pie, playing games and having the time of their lives; while adults enjoyed spirits, live music and donuts. And, oh yeah, a HUGE raffle was drawn!

A special thank you to Susan Leroy, Natalee Allington, Melissa Demski, Megan Pfromm, Natalia Tarnavsky-Smith, Adriana VanDuyn, and all the volunteers who made the event possible.

September 15, 2022

Sisters and brothers in Christ,

We are less than two months from the November 8 election, during which voters in Michigan will decide on an issue of paramount importance to protecting the inherent, God-given dignity of all people.

Abortion advocates under “Reproductive Freedom For All” seek to amend the state constitution to allow unregulated abortion on-demand through all nine months of pregnancy. This effort, primarily funded by out-of-state dollars, is spearheaded by Planned Parenthood and the ACLU. It will appear on the ballot as Proposal 3.

The implications of this proposal are vast and extreme. If passed, the proposal’s vague wording would result in the elimination of dozens of Michigan laws relating to abortion, including: laws prohibiting partial-birth abortion and taxpayer-funded abortion; laws requiring parental consent and informed consent for abortion; laws protecting the conscience rights of persons who refuse to participate in abortion, and more. The proposal would prohibit lawsuits from being brought against any individual for performing an abortion, even when complications result from the procedure.

Proposal 3 is not about protecting existing rights, but rather about revoking the right to life for an untold number of human beings.

This is a grave offense to the dignity and sanctity of unborn, innocent human life. As people of faith who witness to the Good News of Jesus Christ and His teachings, we fervently oppose this deadly proposal and are taking action to defeat it. On behalf of the Catholic dioceses of Michigan, including the Archdiocese of Detroit, the Michigan Catholic Conference earlier this year partnered with Right to Life Michigan and other pro-life organizations to form a coalition called *Citizens to Support MI Women and Children* to oppose and, ultimately, to defeat this dangerous proposal.

In support of these efforts, I offer you three invitations to act:

PRAY: As advocates for the sanctity of life and truth, we always begin with prayer. Let us pray that our fellow Catholics and all people of goodwill will reject Proposal 3 in recognition of the danger it poses for women, children, and their families. To assist in our prayer, I will be celebrating Mass at 11 a.m. October 2 at the Cathedral of the Most Blessed Sacrament, in gratitude to the Sacred Heart of Jesus for the gift of all human life. I hope to see you there.

UNLEASH THE GOSPEL

12 State Street, Detroit, MI 48226-1823 | 313-237-5800 | aod.org

VOTE: As faithful citizens, we look forward to casting our votes on November 8. Catholics in the Archdiocese of Detroit are called to uphold the inherent dignity of all people by voting *against* Proposal 3, rejecting its “anything goes” approach to the destruction of human life. To vote in favor of this proposal would be to actively participate in the promotion and expansion of the intrinsic moral evil of abortion.

GIVE: As members of a family of faith, we can spread awareness among Catholics, practicing or otherwise, and others about the true nature of Proposal 3 and its consequences for life, women, families, and children. You can do this in part by discussing it with family, friends, and members of your community, but your reach will grow exponentially through your support of the statewide coalition dedicated to preventing this proposal from distorting our state constitution. **I invite you to visit supportmiwomenandchildren.org to learn more about the amendment, view a list of the dozens of laws it would impact, and consider a financial contribution to these efforts.**

As we protect and defend life from the moment of conception through natural death, we must at the same time accompany and support women experiencing difficult or unintended pregnancies. That is why the pro-life office of the Archdiocese of Detroit is working with our parishes and Catholic Charities of Southeast Michigan, the charitable arm of the archdiocese, to redouble efforts to provide assistance and resources to women and families across the region, especially through initiatives like [*Walking With Moms in Need*](#). We cannot create a world where abortion is unthinkable without also creating a world in which all families receive the support they need. This work of mercy is critical and continuous. Together, we are building a culture of life where vulnerable families are given the help and support they need to choose and sustain life. For more information on these efforts, please visit aod.org/prolife.

Please join me in praying that this destructive proposal is defeated, and that Catholics and others use their votes to uphold the right to life and the inherent dignity of all people. Let us always have confidence in Jesus Christ, who has triumphed over death and invites us to this work of accomplishing God’s will in our midst.

Sincerely yours in Christ,

Fall 2022 Men's Challenge

On November 8 Michigan voters face a pivotal election for the protection of the unborn with Proposal 3 on the ballot. In the span of this election, Michigan could go from a state with laws protecting the unborn and vulnerable women from abortion to a state that permanently enshrines unlimited, unregulated abortion in the state constitution. Proposal 3 goes far beyond just keeping abortion legal or reinstating the now overturned Roe v. Wade decision. It would allow abortions to be performed by anyone, at any point in pregnancy, and for any reason. It would throw away state laws regulating quality, safety, and inspections for abortion clinics. It would remove parental consent requirement for teens seeking abortions, and teens seeking gender reassignment surgeries.

As Christian men, husbands, and fathers, we know that the battle for the family falls on us, it is our responsibility to protect and defend the family. Our unborn brothers and sisters are under assault. We know that the battle is not against flesh and blood but against the evil “principalities and powers” (Ephesians 6:12) that seek to destroy innocent life.

In a fraternal brotherhood with the men of Arizona, we are asking the men of Michigan to embark on the EXODUS 90 campaign of prayer and asceticism with the specific intention of defeating Proposal 3 and the similar initiative in Arizona. This fraternal effort of brotherhood, prayer and fasting is an outstanding example of friendship and sacrifice. All each man needs is a small band of brothers and to follow the prescribed prayers, scriptures and disciplines. Please see [the attached letter](#) for greater detail and information regarding this noble and fraternal challenge.

Should you have any questions, please feel free to contact us.

It would allow abortions to be performed by anyone, at any point in pregnancy, and for any reason. It would throw away state laws regulating quality, safety, and inspections for abortion clinics. It would remove parental consent requirement for teens seeking abortions, and also teens seeking gender reassignment surgeries.

Proposal 3 would move Michigan far from a society where human life is welcomed and where mothers do not have to turn to abortion. Voters must reject this extreme proposal and allow our state to build a culture that values all human life by supporting existing efforts led by pregnancy centers and Catholic Charities agencies to assist mothers in need.

As Catholics, we believe every person has a right to life, which is the fundamental right that makes all other rights possible.¹ Abortion is a “preeminent” threat to the dignity of human life because it is a direct attack on life itself, “the most fundamental good and the condition for all others.”²

Already, millions of dollars are pouring into Michigan to get Proposal 3 passed, as this measure is seen by many across the country as a trial run for similar efforts to expand abortion in other states.

As Catholics who stand for the dignity of all human life from conception to natural death, it is time to come together and defeat this dangerous proposal. The Catholic bishops of Michigan emphatically urge a NO vote on Proposal 3 and

strongly urge you to tell every person you know that this amendment goes too far on abortion, and to vote NO.

This issue of **focus** will explain what Proposal 3 would do and why it is dangerous for Michigan. It will empower you to talk with your friends and family about why this amendment must be defeated.

In addition to upholding the dignity of human life, there are several other principles based in Catholic social teaching to consider when voting. This edition of **focus** will also equip Catholics with the principles rooted in the Church’s rich teachings on social justice that are helpful to making a well-informed vote on the entire general election ballot. ■

What You Need to Know About Proposal 3

How would this change Michigan’s abortion law? Michigan’s existing pre-*Roe* law prohibits abortion except to save the mother’s life, in addition to numerous other laws that regulate abortion. Under this amendment, all those laws would be revoked, and it would be nearly impossible for the Legislature to pass any laws to regulate abortion and protect women and children.

Why is this amendment being proposed? This proposal was launched in anticipation that the U.S. Supreme Court would strike down *Roe*. The Supreme Court ruling allowed abortion regulation to return to individual state legislatures to decide, yet this amendment would take that power away from the Legislature by locking unlimited abortion access into the state constitution.

How would passing this amendment compare to when *Roe v. Wade* was in effect? This amendment would take Michigan far beyond what was allowed for abortion under *Roe*. In the half century since *Roe*, dozens of laws have been passed to regulate abortion. Under this amendment, those protections would be gone, and abortion would be unrestricted and unregulated.

How late into pregnancy would an abortion be allowed under this amendment? The amendment would allow for abortions all throughout pregnancy. The amendment appears to allow a ban on late-term abortions, but provides an exception based on the mother’s physical and mental health. That means a late-term abortion could be justified for almost any reason.

How would Michigan compare to other states if this amendment passed? According to the pro-abortion Guttmacher Institute, Michigan is one of 36 states that require parental involvement in their child’s decision to have an abortion, one of 32 states requiring abortions be performed by a licensed physician, and one of 43 states that prohibit abortion after a specified point in pregnancy.

Under Proposal 3, Michigan would no longer require parental consent, that physicians perform abortions, or a limit to when an abortion can happen in a pregnancy, putting Michigan in the minority of states in all three categories. ■

LAWS AFFECTED BY THE ANYTHING GOES ABORTION AMENDMENT

Because Proposal 3 seeks to create a constitutional “right” to “reproductive freedom,” this amendment could have negative implications for dozens of state laws protecting life and regulating abortion.

Below are examples of laws that could be revoked or limited if Proposal 3 were to pass:

- Increased penalties for later term abortions when babies are fully formed.
- Law requiring babies born alive during an abortion be protected and cared for.
- Conscience rights of hospitals and doctors who decline to take unborn human life.
- Ban on taxpayer-funded Medicaid dollars to pay for abortions.
- Ban on school employees from helping a child obtain an abortion.
- Informed consent provisions for an abortion, such as a 24-hour waiting period, information on fetal development and abortion procedures, and ultrasound viewing.
- Respectful disposal of fetal remains.

“

Let’s not pretend that this constitutional amendment is simply about creating a so-called right to an abortion. It goes much, much farther than that.

Responding to Arguments Made for Proposal 3

The following are examples of what supporters may say about the abortion amendment. Study these responses so that you can help your family and friends better understand the consequences of this proposal.

THEY SAY “This amendment ensures women will not be prosecuted for having a miscarriage/abortion.”

WE RESPOND There is no history of women being prosecuted in Michigan for either of those circumstances. In addition, the Michigan Supreme Court ruled in 1963 that a woman receiving an abortion is not guilty and cannot be charged. State law also explicitly defines abortion as not including miscarriage.

THEY SAY “This amendment stops the government from prosecuting women who experience miscarriages or ectopic pregnancies.”

WE RESPOND Abortion is an intentional act to destroy a life, while a miscarriage is a spontaneous action within a woman’s body. An ectopic pregnancy is when a fertilized egg implants outside the uterus, where it cannot survive. A woman receiving treatment for an ectopic pregnancy or suffering a miscarriage is not the same as choosing to undergo an abortion. Both state law and the Michigan Supreme Court are clear that women rightfully cannot be prosecuted for an abortion.

THEY SAY “Michigan residents should have the constitutional right to abortion care and reproductive freedom.”

WE RESPOND Women already have the right to reproductive care in the state of Michigan. Women have access to prenatal, postpartum, and infertility care. Pregnancy help centers provide support and referrals for women unable to see a doctor.

Abortion is not reproductive care as it harms women mentally and physically and guarantees that out of the two patients involved, one will die. Abortion is never medically necessary to help save the life of a mother.

THEY SAY “Decisions on abortion should remain between a woman and her doctor”

WE RESPOND With this amendment, nonphysicians would be able to conduct abortions, undermining the notion that women would be making these decisions with the help of an appropriately licensed physician.

The amendment would block the state from prohibiting abortions in cases where “in the professional judgment of an attending health care professional,” the abortion “is medically indicated to protect the life or physical or mental health of the pregnant individual.”

Under Michigan law, “health care professional” means more than just a physician, as that definition also includes dentists, chiropractors, massage therapists, acupuncturists, counselors, and psychologists, to name a few examples.

The language also says the state could not “penalize, prosecute, or otherwise take adverse action against someone for aiding or assisting a pregnant individual in exercising their right to reproductive freedom with their voluntary consent.”

Because of that, a school counselor, for example, could take a 13-year-old girl to get an abortion, contraception, or undergo sterilization without telling her parents, and there is nothing her parents could legally do, if they ever found out.

THEY SAY “This amendment allows for women to have autonomy over their own bodies”

WE RESPOND A pregnant woman carries inside her a human life that deserves the same dignity that she should be afforded. If a woman becomes pregnant unexpectedly or unwillingly and she feels she is unable or unwilling to parent her child, there are options to ensure the baby is safe and cared for through the state’s adoption process or the Safe Delivery Law, which allows mothers to surrender their newborns for adoption, no questions asked.

THEY SAY “This amendment still allows for restricting late-term abortions.”

WE RESPOND The amendment creates broad exceptions to any ban enacted on late-term abortions, including for reasons related to mental health. Any pregnant woman could claim not getting a late-term abortion would cause her anxiety or stress, so essentially no abortion would be restricted.

THEY SAY “This amendment still allows the state to restrict/regulate abortion after viability.”

WE RESPOND This amendment changes the definition of fetal viability to no longer mean when the baby can survive outside the womb, instead defining it as when a baby can survive outside of the womb without “extraordinary medical measures.”

This means that a prematurely born infant who needs intensive medical treatment could be considered not viable in the eyes of the mother and the “healthcare professional,” who does not have to be a licensed physician under the language provided in the amendment.

THEY SAY “Over 700,000 Michiganders signed this proposal to put it on the ballot, which shows how widely supported it is.”

WE RESPOND Paid petition gatherers are not legally required to tell people everything that a proposal would do. Thus, it is likely that most people who signed the petition did not read the proposal or understand the reality of what they were signing. People from various backgrounds, including those who say they are pro-choice, overwhelmingly oppose partial-birth abortion and support health and safety regulations on abortion clinics. This proposal would give constitutional protections to third-trimester abortions up to birth and likely revoke state law that requires abortion facilities to be licensed and inspected. ■

BALLOT SUMMARY LANGUAGE

The following language is what voters will read about Proposal 3 on their November 8 General Election or absentee ballot.

A proposal to amend the state constitution to establish new individual right to reproductive freedom, including right to make all decisions about pregnancy and abortion; allow state to regulate abortion in some cases; and forbid prosecution of individuals exercising this established right.

This proposed constitutional amendment would:

- Establish new individual right to reproductive freedom, including right to make and carry out all decisions about pregnancy, such as prenatal care, childbirth, postpartum care, contraception, sterilization, abortion, miscarriage management, and infertility;
- Allow state to regulate abortion after fetal viability, but not prohibit if medically needed to protect a patient's life or physical or mental health;
- Forbid state discrimination in enforcement of this right; prohibit prosecution of an individual, or a person helping a pregnant individual, for exercising rights established by this amendment;
- Invalidate state laws conflicting with this amendment.

The words are so vague that they essentially allow abortion up to the moment of birth—precisely what nearly every Michigander rejects.

PROPOSED CONSTITUTIONAL AMENDMENT

The following language is what supporters of Proposal 3 are seeking to place in the Michigan Constitution.

- (1) *Every individual has a fundamental right to reproductive freedom, which entails the right to make and effectuate decisions about all matters relating to pregnancy, including but not limited to prenatal care, childbirth, postpartum care, contraception, sterilization, abortion care, miscarriage management, and infertility care. An individual's right to reproductive freedom shall not be denied, burdened, nor infringed upon unless justified by a compelling state interest achieved by the least restrictive means. Notwithstanding the above, the state may regulate the provision of abortion care after fetal viability, provided that in no circumstance shall the state prohibit an abortion that, in the professional judgement of an attending health care professional, is medically indicated to protect the life or physical or mental health of the pregnant individual.*
- (2) *The state shall not discriminate in the protection or enforcement of this fundamental right.*
- (3) *The state shall not penalize, prosecute, or otherwise take adverse action against an individual based on their actual, potential, perceived, or alleged pregnancy outcomes, including but not limited to miscarriage, stillbirth, or abortion. Nor shall the state penalize, prosecute, or otherwise take adverse action against someone for aiding or assisting a pregnant individual in exercising their right to reproductive freedom with their voluntary consent.*
- (4) *For the purposes of this section:*
 - *A state interest is "compelling" only if it is for the limited purpose of protecting the health of an individual seeking care, consistent with accepted clinical standards of practice and evidence based medicine, and does not infringe on that individual's autonomous decision-making.*
 - *"Fetal viability" means: the point in pregnancy when, in the professional judgement of an attending health care professional and based on the particular facts of the case, there is a significant likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures.*
- (5) *This section shall be self-executing. Any provision of this section held invalid shall be severable from the remaining portions of this section.*

The Rest of the Ballot: The Faithful Citizen's Approach to Voting as a Catholic in the November Election

Along with the portion of the ballot where you vote **NO** on Proposal 3, there will be many other voting decisions in this upcoming general election.

As Catholics, we are obligated to live out faithful citizenship. The bishops tell us that “responsible citizenship is a virtue, and participation in political life is a moral obligation.”³

But what does faithful citizenship mean? The Church has said the lay faithful “are not only bound to penetrate the world with a Christian spirit but are also called to be witnesses to Christ in all things in the midst of human society.”⁴ That includes participating in political life, and for most people, that means exercising the right to vote.

With the November election approaching, we encourage all Catholics to be “guided more by our moral convictions than by our attachment to a political party or interest group”⁵ when discerning their choices to vote. The Church is non-partisan and “our cause is the defense of human life and dignity and the protection of the weak and vulnerable.”⁶

Further, living out faithful citizenship requires us to go beyond cable news networks and social media feeds. To truly cast an informed vote, we must make the intentional effort to become informed on Catholic social teaching with regard to policy issues and where candidates and ballot proposals stand on those policy issues.

The U.S. bishops have said it is “essential” that Catholics are “guided by a well-formed conscience that recognizes that all issues do not carry the same moral weight,” and in particular, “the moral obligation to oppose policies promoting intrinsically evil acts has a special claim on our consciences and our actions.”⁷

The decision on whom to vote for “should take into account a candidate’s commitments, character, integrity, and ability to influence a given issue.”⁸ Ultimately, the decision is “to be made by each Catholic guided by a conscience formed by Catholic moral teaching.”⁹

Consider the following broad themes of Catholic moral teaching that serve as a framework for Catholics to form their consciences prior to voting. There are also questions that accompany these themes to help Catholics make decisions on candidates and ballot issues.

DIGNITY OF HUMAN LIFE

“Every human being has a right to life, the fundamental right that makes all other rights possible”¹⁰

- Does the candidate or the ballot issue promote policies that affirm the dignity of all human life?
- Does the candidate or the ballot issue stand opposed to policies that allow the deliberate taking of innocent human life?
- Is the candidate consistent in his or her support for all human life from conception to natural death?
- Is the candidate committed to policies to reduce violence of every kind, and in particular, gun violence in our schools and in our communities?
- Is the candidate committed to condemning racism and working to root it out of societal structures?

MARRIAGE & FAMILY

“The family—based on marriage between a man and a woman—is the first and fundamental unit of society and is a sanctuary for the creation and nurturing of children. It should be defended and strengthened, not redefined, undermined, or further distorted.”¹¹

- Does the candidate support policies that affirm the truth of marriage and policies that strengthen and encourage it?
- Does the candidate support policies that serve the needs of families, and in particular, children?
- Does the candidate support policies to encourage employers to compensate workers enough to adequately support their families?
- Does the candidate support policies to assist poor families to allow them to live in dignity and to create opportunities for economic security?

SERVING THE POOR & VULNERABLE

"When we meet a person truly in need, do we see the face of God?" —Pope Francis

- Does the candidate display a priority for keeping the poor and vulnerable in mind?
- Does the candidate support policies to reduce poverty and dependency?
- Does the candidate support expanding access to affordable housing?
- Does the candidate's policy stances indicate that he or she considers affordable and accessible healthcare a fundamental human right?
- Does the candidate support working for comprehensive immigration reform that offers a path to citizenship, treats immigrant workers fairly, prevents the separation of families, maintains the integrity of our borders, respects the rule of law, and addresses the factors that compel people to leave their own countries?

RELIGIOUS LIBERTY

"In all contexts, its basic contours are the same: it is the 'immun[ity] from coercion on the part of individuals or of social groups and of any human power, in such ways that no one is to be forced to act in a manner contrary to his own beliefs, whether privately or publicly, whether alone or in association with others, within due limits.'"¹²

- Does the candidate oppose efforts to force people working for religious institutions to violate their consciences?
- Does the candidate support religious institutions' right to serve according to their sincerely held beliefs?
- Does the candidate oppose efforts to require religious institutions to compromise their moral or religious convictions to participate in government programs?

EDUCATION

"Parents—the first and most important educators—have a fundamental right to choose the education best suited to the needs of their children."¹³

- Does the candidate support policies allowing parents to choose education for their children, including policies that encourage and support a variety of education options?

CRIMINAL JUSTICE

"An ethic of responsibility, rehabilitation, and restoration should be a foundation for the reform of our broken criminal justice system."¹⁴

- Does the candidate support policies aimed at justly reducing the prison population, helping people leaving prison to reintegrate into their communities, combating recidivism, promoting just sentencing reform, and strengthening relationships between the police and the communities they serve?

CARE FOR CREATION

"Living our vocation to be protectors of God's handiwork is essential to a life of virtue; it is not an optional or a secondary aspect of our Christian experience."¹⁵

- Does the candidate recognize protecting the land, water, and air we share as a duty of stewardship?
- Does the candidate support policies to protect Michigan's natural resources?

The information in this guide relies primarily on *Forming Consciences for Faithful Citizenship*, a document produced and occasionally updated by the U.S. Conference of Catholic Bishops (USCCB). The full document can be found at the USCCB website at ctlh.cc/fcfc. ■
