STEM Day Thanks

Our second graders and their grandparents loved STEM day last week. The theme was Operation Kitty Hawk where they explored the Bernoulli principle. If you don't know what that is, be sure to ask one of our second graders to explain how airplanes can fly! Thank you to our awesome STEM leaders, John and Cindy Casey, Amy Ryzco, Bob and Pat Gervason, Joe and Jo Nazione, and Michael Chopp. We truly appreciate your year-long planning to make these days so special for the students. The first grade STEM day is coming later in April.

Daddy Daughter Dance Thanks!

We hope you all had a blast getting glam & glowing all night at the Daddy Daughter Dance! Special thanks to our chairs Sara Tomas, Kristen DePonio, Angela Vitale, and Candace Smith for dedicating their time and creativity! And thank you to all the volunteers who helped make the night a success! We had a few photo frames with photos in them left behind at the dance. If you didn't receive a photo frame, please stop by the front offices to pick one up.

Staff Appreciation Event

Our Staff Appreciation Committee hit a home-run with their April event! On Monday, during Professional Development, our staff enjoyed hot dogs, pretzels, chips, and pop from General Dogs' hot dog cart. Our staff is always batting a thousand, so we wanted to make sure they know what a hit they truly are! The weather didn't even throw us a curve ball. Catch up with the pictures in the flyer below.

Event Chairpersons Wanted

Interested in Chairing Events? Love event planning? We need YOU! With assistance from the PTG board, event chairpersons provide leadership for the entire event planning process. They prepare event marketing, direct committee members, run event set-up and execution. We know some of you were BORN to do this. Interested? [Sign up here](#) and we will reach out with more information.
