Invention Convention

Volunteer Teachers Needed

"Convention, vention...what's your Invention?" Just a new Schoolhouse Rock chant to introduce you to the latest STEM project at HFRS: *Invention Convention*. * We are looking for two parents to teach the curriculum to our kids over the course of a few workshops. *What's in it for you?* Aside from seeing some pretty cool ideas come to life, you'll earn volunteer hours. Score! *The best part?* You don't have to invent the lesson plan...it will be provided. [Contact Amy Ryczko](#) to volunteer.

**Invention Convention is a national STEM focused program where students are guided through the invention process as they create their own invention that positively impacts their life.*

Staff Appreciation

We have a fabulous Staff Appreciation team (*aka the A-Team*) that works tirelessly throughout the school year to support our HFRS staff. They come up with creative, fun ways to shower the staff all year. Stay tuned for this month's recap...
